AI Prompt Starter Pack

10 practical prompts to save time, work smarter & get more done.

Smarter Tools. Bigger Results.

How to use this pack

Copy a prompt into ChatGPT or another AI assistant, replace the words in [brackets], and add the details the AI needs. Better context usually produces better results.

The AIDigiWorx Prompt Formula

ROLE + TASK + CONTEXT + CONSTRAINTS + FORMAT + GOAL

Example: Act as a marketing strategist. Create 10 Instagram post ideas for my small online business. My audience is South African freelancers aged 20–40. Keep each idea practical and low-cost. Format as a numbered list. The goal is to increase profile visits.

1. Business Idea Generator

Act as a practical business strategist. Generate 10 realistic business ideas for [my skills/interests] that can be started with [budget]. For each, give the target customer, problem solved, simple offer, and first way to get a customer.

2. Turn a Skill Into an Offer

Act as a productised-service consultant. I am good at [skill]. Create 5 simple services I could sell to [target customer]. Include the problem solved, deliverables, suggested starting price range, and a one-sentence sales pitch.

3. Content Ideas in Minutes

Act as a faceless-content strategist. Create 20 short-form video ideas about [topic] for [audience]. For each, provide a hook, 3 key points, and a short call to action. Keep them useful and easy to produce without showing my face.

4. Rewrite for Social Media

Rewrite this idea into 5 social-media posts for [platform]. Make each clear, concise, and useful. Give each a strong opening line and natural CTA. Avoid hype. Idea: [paste idea].

5. Marketing Message

Act as a direct-response copywriter. Write 3 versions of a marketing message for [product/service]. Audience: [audience]. Problem: [problem]. Benefit: [benefit]. Include headline, body copy, and CTA. Tone: [tone].

6. Weekly Productivity Planner

Act as a productivity coach. Turn these goals into a realistic 7-day plan: [goals]. I have [hours] hours available per day. Give priority tasks, estimated time, daily focus, and buffer time.

7. Organise a Messy Task List

Organise this task list into Today, This Week, Later, Delegate, and Delete. Briefly explain the reasoning and identify the 3 highest-impact tasks. Task list: [paste list].

8. Learn a New Skill

Act as a learning coach. Build a 30-day beginner plan for [skill]. I can spend [time] per day. Give weekly milestones, daily practice tasks, low-cost learning options, and a small proof-of-skill project.

9. Research Assistant

Act as a research assistant. Help me research [topic]. Identify the 7 most important questions to answer, then create a research outline and the types of reliable sources to look for. Separate facts from claims needing verification.

10. Improve Any Prompt

Improve the prompt below using ROLE + TASK + CONTEXT + CONSTRAINTS + FORMAT + GOAL. Return the improved prompt first, then briefly explain the changes. Original prompt: [paste prompt].
